SUSTAINABILITY

PLUS UP YOUR BUSINESS.

You're faced with hundreds of design and construction decisions on every project. The problem of meeting timelines. The challenge of staying within budget.

Mohawk can help.

Our wide range of on-trend product offerings gives your customers the choices they want. On-time delivery means less downtime. And our focus on sustainable solutions helps you build greener communities.

That means more growth for you. More opportunity. And more potential for profits.

Together we can do more.

MORE INNOVATION

Flooring performance is every bit as important as style. That's why Mohawk is continually innovating – developing products with the ultimate in cleanability, durability, and waterproof performance. Creating a click-lock system that makes installation a snap. designing products that complement your spaces with exceptional beauty. And always searching for new trends and styles that will amaze designers and customers alike.

MORE SUSTAINABILITY

At Mohawk, our environmental responsibility starts with transparency. Because it is only when you know what is actually in your flooring that you can build sustainably. That's why over 400 of our products meet the requirements of third-party certifications, and more than 500 collections are made with recycled content. Together, we can help you and your customers create greener communities.
